## Free ZIPs Offered Here

Who'd ever think there'd be free samples at the Post Office? Well, there will be.

Later this month, somewhere near the 74th anniversary of the founding of postal service in the United States, you'll get a complimentary postal kit from the Post Office.

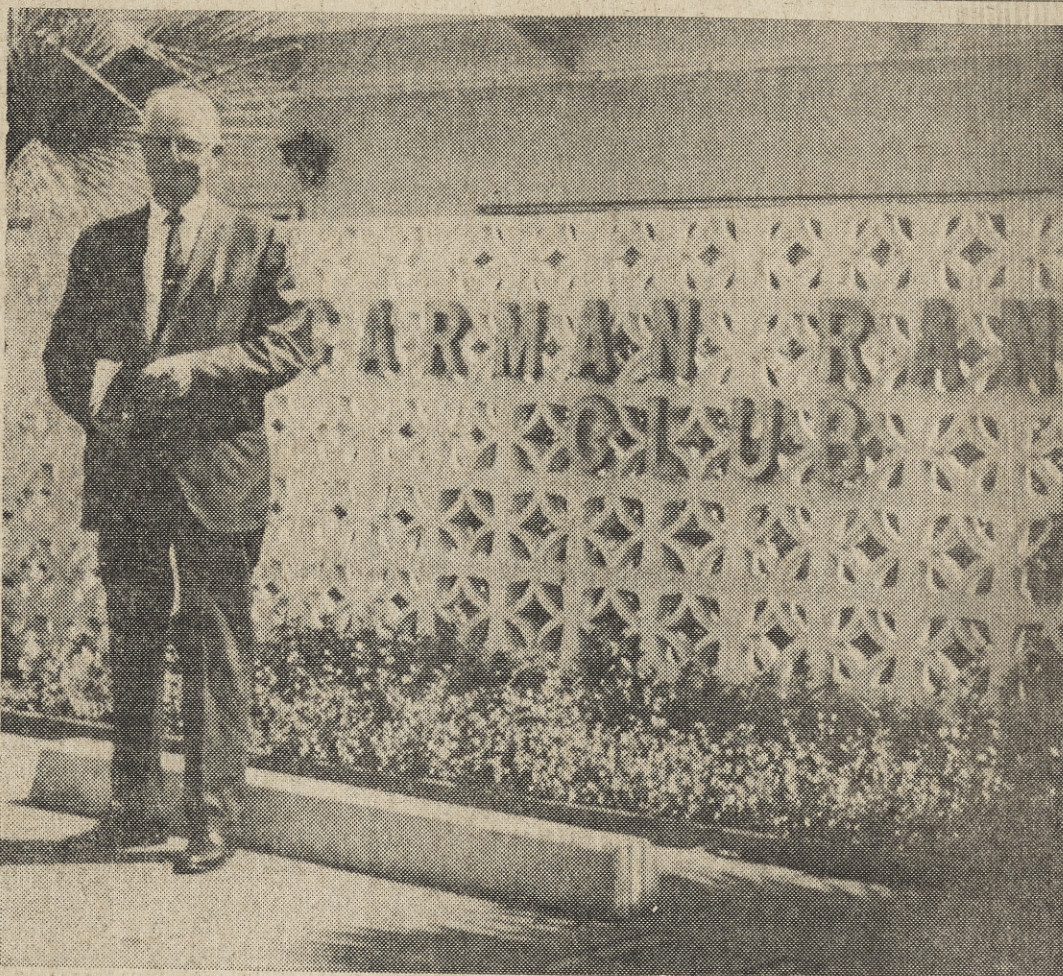

The kit will contain eight post cards, which the user may send free. The cards are to be addressed to the Postmaster in the town in which you have a person whose ZIP number you need.

He will fill in the ZIP and pop it right back to you.

Then, if you have a communication of any kind — a greeting card, a bill, a love letter, or just a note to mom and pop, it'll get there faster, the Post Office Department says.

According to Lemon Grove Postmaster Frenchy Faucher, seven-tenths of the nation's householders took part in a ZIP Coding project last year. He said 96 million addresses were sent in for ZIP coding.

He urges all residents to take advantage of the free offer this year — which will carry the additional advantage of getting correspondence to its destination earlier during the Christmas rush this season.

THE MEETING PLACE: County Supervisor Robert Dent prepares to enter Carman Ranch Club, 2515 Sweetwater rd., Spring Valley, where he meets with citizens from the area each Friday morning. Appoint-

ments can be made to meet with the local official and air problems and suggestions regarding the Lemon Grove-Spring Valley area.

## Sen. Burgener To Speak at LG Men's Meeting

State Senator Clair W. Burgener will give highlights of the Legislature's "veto session" to the Lemon Grove Men's Club Friday noon, at a luncheon meeting in the banquet room of the Brunswick Bawlero, Lemon Grove.

Norman G. Hursell, vice president of the group, is in charge of the program.

## Register Firearms Says Hoover

The John Birch Society has long since lined itself up with J. Edgar Hoover, director of the Federal Bureau of Investigation.

Whether J. Edgar wants this association or not has never been ascertained by this editorialist.

We know that the JB Society became aroused once when we suggested that the Society considered JEH a communist dupe. It claimed that this assertion was erroneous.

More to the point, we were assured that the JBS supported JEH.

JBS leans toward the idea of supporting local police; and registering communists, not firearms.

We were brought to the point of wonderment last week when Mr. Hoover, in a release to the nation's press, said "There has been an increasing interest in (armed robberies, murderous snipers and guerrilla warfare against law enforcement officers) . . . this admittedly complex issue."

"I have publicly stated my view for many years that better control of firearms is not only desirable, but also necessary to the public welfare. We have reached the point where the time for debate is past; the time for action is here."

"I think mail-order firearms purchases should be banned, interstate transportation of firearms controlled, and the local registration of weapons required and enforced."

Where does JBS stand in relation to JEH now?

## To Jail With Hippies

Hippies, those ever-lovin' animals with flowers behind the ear, can be credited with something.

They're making our warriors in Vietnam mad.

Almost every fighter returning from the Vietnamese war proclaims two hates.

One is civil disobedience and the other is the antics of the hippies.

We think the laws of sedition are strong enough to take care of the rioters — if our authorities were strong enough to invoke them.

But hippies is another breed of cat.

Hippies, apparently, personify the youthful defiance among those youngsters who should be supporting other youngsters who are laying down their lives to make democracy safe for Americans — and hippies.

The definition of a hippy is obscure. The dictionary describes a hipster as a person who is unusually aware and interested in new and unconventional patterns especially in jazz, in the use of narcotics and other stimulants, and in exotic religion.

People who have had contact with hippies have a more prosaic definition.

A San Diego property owner said "we rented the place furnished to a couple. They didn't pay rent after the first month. When we got them out there was no furniture left

## Supervisor Dent Terms Carman Ranch Meetings Great Success

County Supervisor Robert Dent, representing the Third Supervisorial District, has only spent two Friday mornings at Carman Ranch Club in Spring Valley, but he has already tabbed the project a success.

Dent announced two weeks ago that by arrangements with the Spring Valley and Lemon Grove Chambers of Commerce he was to be avail-

able each Friday between the hours of 9:30 a.m. and 12 noon to meet with local residents.

Dent felt it was necessary to learn more about area problems because of the addition of the Spring Valley, Lemon Grove, Casa de Oro, and La Presa areas to his district. They had formerly been under the direction of Supervisor Henry Boney.

"I've only been here two weeks, but a number of problems have already been brought to my attention by local residents," commented Dent. "The majority of the problems seems to stem from the need for traffic signals and stop signs in the area. There has been a great response on the issue."

"I had one lady come in who had a sewage, drainage problem on her property and we were able to work it out and the County will take care of her situation."

"I would term the project a success," appraised the supervisor. "I've had a number of appointments with citizens who have shown an interest in county problems. As far as I can see, this service will be offered as long as people want to meet with me and discuss mutual problems and ideas."

Supervisor Dent feels that the central location and parking facilities of the Carman Ranch have made it ideal for his purposes. He expressed his appreciation to the Club for making the space available to him.

Dent invites persons wishing to discuss county problems with him at the Club to make appointments by calling his San Diego office, 239-7711, extension 688 or by calling the Spring Valley Chamber of Commerce at 466-5736.

He has been a member of the Board of Supervisors since January, 1957, and a resident of the county since 1923.

## Drug Education Becomes Reality

Sixteen thousand-seven hundred Grossmont High School students will be enrolled in a mandatory narcotics education program this year, following approval of the curriculum by Trustees last week.

Students will receive the content of the course in three ways, including films, texts and guest lectures. The program was developed by a 16-member committee of teacher

and administrators which screened possible material for the course.

Assistant Superintendent Stanley McClintic indicated the purpose of the course was to strengthen teaching techniques in narcotics subject matter.

Dr. John Warburton, superintendent, believes there will be a positive reaction from the parents involved in the

program.

Instructors and principals will make recommendations for changes after reviewing the results of the course following its initial use.

In other action by the Board of Trustees, an estimation of \$60,000 for the coming year to lease portable classrooms for district highs was indicated. Cost for next year's rental of portable classrooms

may run as high as \$90,000, predicted Dr. Warburton.

The use of the portable classrooms came about after voters failed to approve a \$2 million dollar school improvement bond last April. The money was to be used to offset the increased enrollment of about 700 students per year.

The voters will get another shot at a school bond October 17, when a \$6 million district-approved bond appears on the ballot. Money from this bond would add facilities to existing campuses and help in the building of a new high school in the district by 1970. In the event of approval of the bond election, it would be a year before construction could get underway. Warburton predicted a possible total of 26 portable classrooms may be needed during that interval to accommodate the growing student population.

He also indicated that by that time at least one school would be on double sessions, and possibly two others would adopt that form of class scheduling.

## Portable Classrooms Will Not Solve Overcrowding Conditions Says Duea

In an effort to solve overcrowded conditions, four new portable classrooms have been added to Mt. Miguel High School this year, following approval of the curriculum by Trustees last week.

action will be necessary unless voters approve a \$6.0 million bond issue on October 17. "We really need the bond money," he said "and the people should realize that the \$6.0 million includes money not just for a single year but for an entire five year period with the construction of a new high school to open in 1971. Even with our new portables, we're not saving money —

they are not the ultimate solution to our crowding problem. These new units are not as economical as new permanent facilities."

The Grossmont Union High School District has leased the portable units with an option to purchase them at a later time. During this school year they will be used for instruction in Driver Education, Geography, Civics and Speech.

Each classroom complex is assembled from four prefabricated sections. The sections, which were transported to Spring Valley by trailer, are bolted together. Electrical, plumbing and air-conditioning utilities are coupled to complete the assembly of the units. Interior work remains to be done before the classrooms can be put into use on October 1.

According to Principal Virgil Duea the four new classrooms and the additional office space provided by the portables will be sufficient only to solve overcrowding conditions for this school year. Mt. Miguel's 1968 senior class contains only 400 students while an influx of over 700 new students is expected next year. Duea feels that some type of double session or other drastic

pus this year. The classrooms will be ready for use October 1 and are designed to help alleviate the overcrowding problem at the local high.

## PTA Sponsors School Tours

"Where The Action Is", a tour in two parts of all High Schools in the Grossmont District is scheduled for the first meeting of the Foothills Secondary Council, California Congress of Parents and Teachers.

Tour 1 will begin Wednesday, September 20, at 9 a.m. in the parking lot behind La Mesa Library, 8055 University ave. It will be a bus tour (no charge) to Helix, Grossmont, Mount Miguel, Monte Vista High Schools and the Special Education facilities. Luncheon at Helix High (50c) followed by a short Executive board meeting. Reservations must be in by Sept. 15.

The second tour will begin on Wednesday, September 27, at 9 a.m. in the El Cajon High School parking lot, 1035 Madison ave., El Cajon.

## Dinner Honors Kuchel

Friends of Senator Tom Kuchel will sponsor a \$100-a-plate dinner on Nov. 9 in Los Angeles to honor the Senator for his 14 years in the U.S. Senate, and more than 30 years of public service.

Jack L. Warner, vice chairman of Warner Bros.-Seven Arts, Inc., will be chairman of the dinner committee, according to an announcement issued by Robert A. Rowan, Southern California Finance Chairman for Friends of Sen. Kuchel.

## Housing Shortage Seen Near Grossmont College

An increase in the number of students from outlying areas of the Grossmont Junior College District who desire to live nearer the college, as well as local students who choose to maintain their own residences, and an increase in the number of foreign students have all contributed to a student housing shortage.

According to Dean of Stu-

dent Activities John Burdick, persons having rooms available, with or without board, may call Grossmont College, 465-1700, Ext. 268, during business hours. Housing information will be taken and listings maintained for interested students to inspect. "The college assumes no liability for off-campus housing, either to the student or to the landlord," Dean Burdick said. "This is simply a focal point for housing information, maintained as a service to students and the community."

## Lower Rate Effective This Year

## L.G. School Tax Cut Five Cents

The Lemon Grove School District Board of Trustees cut the school tax rate five cents Monday night at the first regular meeting of the new school year.

The welcome news followed District Superintendent Byron Netzey's report that a special session of legislature act provided "a little more state apportionment money than is needed to meet the budget."

Trustee Bob Sjogren reminded other members of the

Board that district taxpayers had faithfully supported increased salaries and other increased budgeted costs. He said the unexpected funds should be used to give taxpayers relief.

The Board then instructed the County Superintendent's office to whack a nickel off the Lemon Grove tax rate. It will show on this fall's tax bills, Netzey said. The new rate will be \$3. The rate, before the cut, was \$3.05, the same as it was last year.

In other first-of-the-school-year business, the Board learned that the baby boom is about over in Lemon Grove when Netzey reported that 60 le's students registered for kindergarten this year.

The drop in enrollment from 489 to 429 caused the district to drop one class. District-wide, enrollment was down 49 from 3,984 last year to 3,935.

Trustees approved paying for removing used milk cartons from seven school locations. Thomas trash removers asked \$21 a month a location — \$147 a month for the service. Schools will be used as poll-

ing places for the high school and hospital bond issue elections this fall. The hospital district will be charged \$15 a polling place.

Agreements were signed for camping with the La Mesa School District and the County Camp Commission. A cost of \$15 a child will be charged.

Trustees approved a more intensive use of material in the 7th grade on the harmful effects of drugs.

There will be a pot-luck luncheon before the meeting and all World War I veterans and widows are invited to attend.

## VFW Meeting Next Wednesday

VFW Post 1774 will meet at the hall, 2885 Imperial ave., Lemon Grove next Wednesday at 12:30 p.m. for the regular monthly meeting of the members and the auxiliary.

There will be a pot-luck luncheon before the meeting and all World War I veterans and widows are invited to attend.

## Grove Medical Group Adds New Surgeon

Dr. Victor H. Lidner, a surgeon, has been added to the staff of the Lemon Grove Medical group according to Administrator M. B. Weber.

The son of a Seventh Day Adventist clergyman, Dr. Lidner was born in Tacoma, Washington and received his undergraduate degree from Andrews College in Michigan. He subsequently graduated from medical school at Loma Linda University and interned at Los Angeles County General Hospital.

He underwent four years of specialty training in surgery at Letterman Army Hospital, San Francisco, and is a diplomate of the American Board of Surgery.

Following completion of his residency, Dr. Lidner served a tour of duty as a surgeon with the Eighth Field Hospital in Nha Trang.

UP IN THE AIR: Miss Judith Lee Clapham, daughter of Mr. and Mrs. W. Lee Clapham, 2455 Massachusetts ave., Lemon Grove, has graduated as a United Air Lines stewardess. After completing training at the company's stewardess school near Chicago, she now serves aboard Mainliners flying from that city. Miss Clapham is a graduate of Mt. Miguel High School in Spring Valley, and attended Grossmont Junior College in San Diego. She was employed in the circulation department of this newspaper in 1966. In becoming a stewardess, Miss Clapham has entered a profession pioneered by United 37 years ago.

## THE MODEL PRAYER

Our Lord gave us definite instructions on the subject of prayer. We call it the "Lord's Prayer." "I will therefore that men pray everywhere"; "the effectual fervent prayer of a righteous man availeth much." The church built the whole practice of the Christian life around regular prayer. The Apostles accepted it.

# Jehovah Program Includes Grove, Valley Ministers

Upwards of three hundred Jehovah's Witnesses from the Lemon Grove-Spring Valley-La Mesa area are expected to hear Floyd F. Garrett, District Minister, as he speaks at the Russ Auditorium, Sunday, 3 p.m., on the subject, "Will God Intervene in Men's Affairs?" Garrett's talk is the chief feature of a three-day Witness assembly beginning Friday evening. Fifteen hundred Witnesses are expected from the sixteen congregations in South San Diego

Jehovah." Chris Dunlap of National City will conduct Joseph Q. Taschetti, El Cajon, will act as chairman for Sunday afternoon's public meeting, "Will God Intervene in Men's Affairs?" Concluding sessions will be a Watchtower talk, "The Way to Security," by John E. Johnson, El Cajon, after which Lowell K. Yeatts, San Diego County Supervisor, will admonish "Show Kindness to Others." District Minister Garrett will give concluding counsel, "Instruct with Mildness."

Garrett, a minister for the past twenty-seven years, is a

graduate of the Waterford School of Gilead, having served as Watchtower Director in Australia. He is now acting as Supervisor in California, Colorado, Arizona and Utah. Accompanying him is his wife, Verle, also a Gilead graduate and missionary for twenty-three years, four of which were spent in Mexico, our neighbor to the South.

The program includes talks, experiences, dramatizations and symposiums. All sessions are designed to benefit those seeking a knowledge of the Bible and all persons interested in God's Word are invited.

## North Park Club Site Of Rev. Harris Talks

A special series of talks will be given by Obadiah Harris, author of a new book entitled "Unitive Spirituality," published by J. F. Rowney Press, Santa Barbara. These lectures will be delivered September 19, 20, and 21 at 8 p.m. at the North Park Club Building, 3927 Utah street, San Diego according to Mrs. Farleigh Fredrickson, 7512 Tweed st., Lemon Grove.

"The task of modern religion is to reveal a new power of consciousness in man," says Reverend Harris, "thereby creating the force necessary to bring oneness to the earth even now."

Reverend Harris, of Phoenix, Arizona, and 37 years of age, is ordained in Western religion. He has also devoted years of study to Eastern religions and for this purpose has traveled to Asian countries including Japan, Formosa, Thailand and India.

Summarizing his viewpoint, he commented: "The great works of the religions inherited from the past must now be followed by yet greater ones. The legacy we enjoy from them does not deny our accession to still richer spiritual treasures."

"Great spiritual teachers - the Christs and the Buddhas - have appeared with their

timeless messages of love and peace, and religions have sprung up in their names. Yet dark and violent pages of history have continued to unfold for many subsequent centuries.

"The reason for this is that the supreme development of one or a few individuals is not enough. Humanity itself must undergo radical changes. The hand that writes those pages in the unfolding of history must be guided by a higher center of consciousness."

"In the process of evolution the power of human reason appeared where once it had been 'unknown on earth. In the same way a new power of consciousness is now prepared and awaiting its hour to appear in humanity. This more luminous power will solve the problems that have long baffled the human mind. Only thus can the Divine be realized in the entire mental, emotional, and physical being of man, in his daily existence and that of society."

"My series of talks here will center upon ways of opening the door to greater consciousness in man for his transformation. This will then make possible a perfected individual life and bring forth unity among religions, and nations."

She said the girls go through a lot of hard work and are always under pressure. She said there are many long hours put in before the finals, and many rehearsals to go through. She pointed out that many girls are eliminated from the contest during the rehearsals. She said it's all so confusing and exciting.

## Curran in L.G. For Rotary Talk

Mayor Frank Curran of the City of San Diego will be speaker Monday at the Lemon Grove Rotary Club. He will discuss the changes which occurred during his present term in office.

The club held Larry Sisk this week tell of the contention between press and the bar. Sisk is managing editor of the S.D. Evening Tribune. It is the responsibility and duty of the press to keep the public informed about the public's business and the courtroom is public business, he said.

He said that the bar association had asked Massachusetts Justice Paul C. Reardon to come up with bar-cross relations recommendations after the Warren report on the Kennedy assassination.

Among the Reardon proposals is to require judges, to enforce bar association's rules by having them adopted as court rules, and enforced by limited use of contempt powers. Sisk said.

It would mean that police and law enforcement people would be set up as censors over what the public might know in the field of crime, he said.

The manager of a small city in northern California said, "we have taken all the legal steps we have available to get the hippies out of our city but they stay within the fringes of legality. They are dirty, immoral, irresponsible youngsters who ought to be washed, spanked and jailed until they rejoin the human race."

A visitor to the San Francisco hippy area said, "They charged us a tour fee to visit the Haight-Ashbury area to see how the hippies live. We went through several residences where these people were either drunk or drugged. In two places we visited they were indulging in sexual intercourse. I don't know why they charge to take the tour. Anyone can wander through these places at any time of the day or night."

"These people are filthy and unrestrained."

A printer who lives with his wife and three children across a Clairemont street from a hippie residence told us, "Twenty or thirty people wander in and out of this house every day. There are more at night. When I come home from work after dark each night, there is almost no night that my car's headlights do not pick up a couple having sexual interplay on the lawn."

Exaggerated?

Maybe yes; maybe no. We're only reporting what people told us. Why don't the police act as these people commit crimes against public decency. Probably for the same reason they don't act against the ones who are involved in civil disobedience.

This weakness warns that we're got to toughen up our laws.

We've got to bring morality back to the American people. A good first step would be to jail immoral hippies.

## Chamber Eyes An Ambulance

The Lemon Grove Chamber of Commerce may have opened up a Fire Department can of worms by bringing up for consideration the possibility of a local ambulance.

The ambulance would be operated by the Lemon Grove Fire Department. CoC President Bob Browne asked his board at the regular meeting to ascertain if there was any sympathy for an ambulance and he was encouraged to pursue the issue.

Browne told the board of the nationwide reputation the City of San Diego had achieved with its Police Department ambulance.

In seeking ways and means to find the lowest possible ambulance cost he questioned whether or not one of the vehicles now issued to executive FD personnel could be converted into an ambulance.

The local Fire Department has been constantly opposed to an ambulance because it would jeopardize the present low fire tax rate and insurance rate. Fire Chief Pappy Hensley said that an ambulance would be "a terrific expense" to Fire District taxpayers, although he acknowledged that he had not studied the issue enough to estimate what the actual expense would be.

The L.G. Fire District is among those having the lowest fire rates in the state. Here, the rate is Class 4. Only municipalities have the lowest rate of Class 3.

In order to hold a Class 4 rating, and operate an ambulance, Chief Hensley said, it would be necessary to hire five extra men.

The additional men would be required to cover the periods other firemen would be serving on ambulance calls. The additional payroll would be \$30,000 a year and an ambulance would cost approximately \$20,000, Hensley said.

In Spring Valley, Fire Chief Frank Berger, whose district operates an ambulance, said that much of the initial cost of the ambulance was contributed by residents. He said that his regular men are charged with operating the vehicle. He hires no additional personnel because of the ambulance, he said.

"Our department is charged with the protection of life and property within our district. An ambulance is a vital aid in this determination," he said.

The Lemon Grove FD already operates a resuscitator unit. This unit carries oxygen, and other life-preserving aids, to residents. CoC President Browne indicated that it is a small step from resuscitator to ambulance.

Chief Hensley said that the step is a big one that would raise the property tax rate.

Chief Berger said that his ambulance is no more than seven minutes from any resident in the district.

This reporter attended two accidents within a week of each other last month. In one case the ambulance was 22 minutes in arriving. In the other, it was almost exactly 30 minutes from the time the call was placed. In both instances, the ambulance came from La Mesa.

In any event, the Lemon Grove Fire Department must be subservient to the wish of the people. If residents want to have an ambulance, it follows that the Department will provide it.

In the meanwhile, it is a proper position for the Chamber of Commerce to examine the cost and the usefulness of an ambulance and the Fire Department unquestionably will give full cooperation in helping the Chamber arrive at a decision.

## Kindergarten Program Gets Boost In La Mesa-Spring Valley Area

The La Mesa-Spring Valley School District Board reduced the size of kindergarten classes and increased the number of teachers in action during last week's board meeting.

An increase in the amount of state financing was listed as the driving force behind the reduction-increase move by the local school district.

Single-session kindergarten classes are conducted in the district, a fact that prompted state legislators to approve paying such school districts a high amount of financial aid. It was predicted that the increase in state aid to the district would amount to around \$160,000. Out of that will come the money for material and additional rooms.

The Board was faced with a problem in the primary grades in the local schools. A requirement has reduced the size of

grades one, two and three to 31 students, which will facilitate a need for five additional classrooms and teachers in the district.

In other action by the Board, the districts narcotics education program was reviewed and members approved a student insurance program for the coming year.

Also approved was the es-

Establishment of a pay scale for teacher aids and assistants at \$1.88 and \$1.87 per hour, lifting these persons into the category of classified employees.

Substitute teachers gained a hike of \$2 for those working 10 days or less, \$21 to \$23. Those working more than ten days received an increase of \$23 to \$25.

First honorable mention went to Marga Joerden, 5295 Maryland ave., La Mesa, for her "The Floozy". And second honorable mention (a tie) went to Teresa Kane, 4635 Third ave., La Mesa, for her "Chaquita," and Irish Willingham, 1205 Persimmon ave., El Cajon, for his "From Gold to Crimson."

POETRY WINNERS (serious): first place to Gwynnith Gibson, 2309 Twenty-third st., San Diego, for her "Sirocco." Second place went to Helen Buttemeir, 3640 Costa Bella st., Lemon Grove, for her "Of The Blood."

When an anniversary arrives, there's just one thing to do. Have a party. That's what the Lemon Grove branch of Bank of America is doing today. The party from 1 to 3 p.m. celebrates the fifth anniversary of the branch's opening in the Lemon Grove Shopping Center.

Manager Alex Woods has invited everybody to attend.

"This is our way of thanking the fine people here for their support and friendship," he said.

Woods revealed that in the 2½ years he has headed the branch, deposits have almost doubled. "A sure indication of a strong, stable economy," he said.

The past five years have been good ones for people and things connected with the branch. When it opened on September 14, 1962, Manager Woods was an assistant cashier in San Diego.

### Learn Spanish the Easy Way

## Hardison's Telespanish

by James Hardison

There are many interesting ways to use the word "particular" in Spanish. Right away one notices that this word can be used in many different ways, like the word "particular" in English. This may be the reason why many people don't only mispronounce this word in Spanish but have difficulty in understanding the various ways in which it may be used.

In the expression "una casa particular," this word means "private" and the expression would be translated as "a private house." In the expression "una persona muy particular," this word means "peculiar" and the expression would be translated as "a very peculiar person."

Other interesting uses of this word are seen in the expressions "nada de particular" which means "nothing special" and "en particular" which means "especially" or "particularly" in English. The expression "un caso muy particular" means "a very special case."

This word "particular" is indeed a very special case. It seldom produces the same meaning in Spanish as it looks like it should in English.

Practice phrases are given

below which use the Spanish word "particular." See if you can pick out the different shades of meaning with each phrase. Then practice saying the phrases with the two-minute automatic recorded voice when you dial 276-2762 on your telephone.

### IMPORTANT PHRASES

Say "Es una casa particular." (ehs OON-nah KAH-sah pah-tee-koo LAHR) for "It is a private house." Say "El es muy particular." (ehl ehs MOO-ee pah-tee-koo-LAHR) for "He is very peculiar."

### USEFUL PHRASES

Say "Es un caso muy particular." (ehs oon KAH-sch MOO-ee pah-tee-koo-LAHR) for "It is a very special case." Say "Fue nada de particular." (foe-EH-NAH-thah deh pah-tee-koo-LAHR) for "It was nothing special."

Say "Es increíble." (ehs een-kreh-EE-lee) for "It is incredible." Say "Parace que sea." (pah-REH-seh keh SEE) for "It seems so."

# High School Grid Preview Next Week

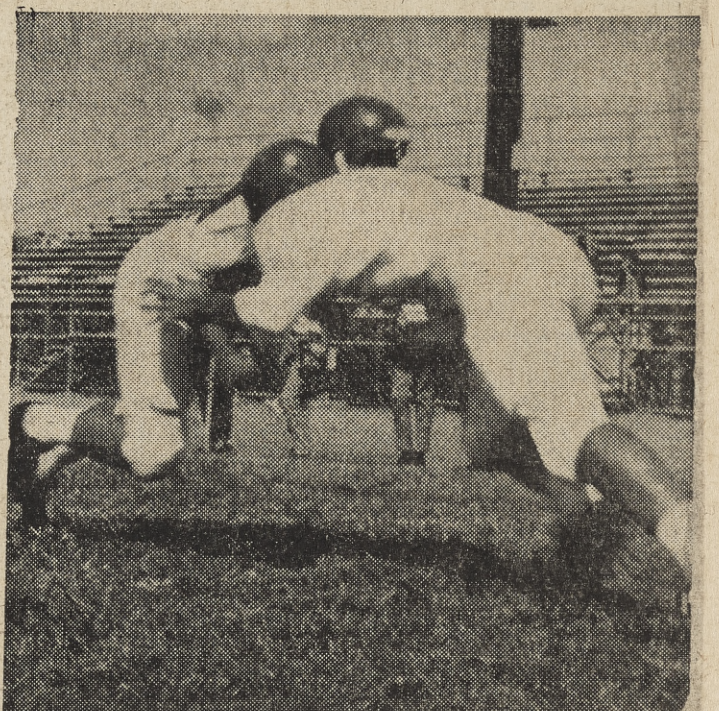

**SIGNAL CALLER:** Monte Vista's veteran quarterback Chuck Downing fakes a handoff to his halfback and sweeps left end during practice session in preparation for next Friday's opener against Grossmont in the Grossmont Carnival at Aztec Bowl. Downing rallied the Monarchs to four straight wins at the end of last season.

Don't worry, we didn't forget. High school football and other sports will receive extensive coverage in the coming weeks and we'll kick the football season off with a big preview in next week's edition of the Spring Valley BULLETIN and Lemon Grove REVIEW.

Look for pictures and interviews with the coaches and the players as the Mt. Miguel Matadors, Monte Vista Monarchs, and Helix Highlanders smash into another exciting football season with the annual Grossmont League Carnival next Friday night at Aztec Bowl on the San Diego State campus.

You'll read first-hand reports on the prospects and progress of the three area gridiron powers, featuring interviews with Coaches Dick Fager, Ben Cipriani and Warren Vinton and their many assistants.

Also on tab, will be a preview of the up-coming high school cross country season and dope on any other athletic activity scheduled at the local schools.

**MIGUEL MANGLERS:** Mt. Miguel's rugged linemen go through rough one-on-one drills during practice session at the Spring Valley High. The Matadors have developed the small, fast linemen in the past and this year will be no exception. The locals open up the Grossmont Carnival tomorrow night against Santana.

## Former Miguel Gridder Tabbed Norwich Starter

Ben Martin, former Mt. Miguel football star, is rated one of the top returning prospects in his sea on Norwich University's strong small college grid team.

Ben Martin

Martin, who graduated from the Spring Valley school in 1963, figured prominently in the 8-2-0 record compiled by Norwich last season. The strong finish gave the Vermont school an eighth place rating in the Lambert Bowl standings, an award for the best small-college team in the East.

Coach Sabol has tabbed the local gridder a definite starter in the end position, citing Ben for his ability as a pass grabber.

## TELE-SPANISH On TV Beginning Next Month

Television, telephone, and newspaper will be used in a mass combination of communication media for the first time in educational history with the new weekly T.V. series entitled "TELE-SPANISH" which will appear on Channel 8 beginning October 7 from 7 to 7:30 a.m.

Viewers and students will have the opportunity to learn useful Spanish words and phrases during the T.V. program and will be able to practice many of the same words and phrases each day during the week by dialing 276-2762 on their telephone where an automatic recording will lead them in a two-minute practice session.

The Lemon Grove Review and Spring Valley Bulletin publishes an instructional Spanish column each Thursday which contains the words and phrases used in the two-minute practice session.
